## Continuum Health Associates Celebrates New Parsippany Office

August 5, 2011

Continuum Health Alliance, a regional healthcare management company, headquartered in Marlton celebrated the opening of their regional office at 160 Littleton Road on Wednesday, July 27. The new office will provide technical and training support for its clients in North Jersey. The office will initially house five employees, including a client service representative who will support close to 100 physicians. In addition, the office will house IT hardware in order to decrease the response time required to address the needs of Continuum's North Jersey clients.

"We are pleased to welcome a growing company such as Continuum to the Parsippany Area. As the Parsippany Area Chamber of Commerce marks its 55th Anniversary, helping businesses to succeed has never been more important-especially since the Chamber has community and economic development programs available to assist companies that expand in Parsippany. We are currently in the process of assisting Continuum locate quality job candidates from our local residential workforce while introducing them to our fine services," said Chamber President, Robert Peluso. Continuum Health Alliance is a member of the [Parsippany Area Chamber of Commerce](#).

**Continuum Health Alliance, LLC** (“Continuum”) is a regional healthcare management company founded in 1998 by nationally-renowned pediatrician John M. Tedeschi, MD. Continuum offers operational oversight and optimizes business processes, enabling physician groups and hospitals to better serve their patients. The company’s comprehensive service portfolio offers dynamic solutions for administration, finance, revenue cycle management, and information technology. Continuum also collaborates with hospitals to create and manage medical group networks, hospitalist programs, and innovative hospital-based programs; and helps medical providers navigate and respond to the regulatory requirements mandated by America’s health care reform legislation. The company presently oversees an aggregate client workforce of more than 1,800 employees located in approximately 85 medical offices and hospital settings.
