# Continuum Health moves HQ to Marlton, leases two buildings

Philadelphia Business Journal - by [Natalie Kostelni](#)

**Continuum Health Alliance** signed on to lease two buildings in Marlton, N.J., for its new corporate headquarters and will more than double the amount of space it has. The company took 52,000 square feet in 402 and 404 Lippincott Drive in the Marlton Crossing Office Park. It signed a lease for more than 10 years, said Jason Wolf, a broker with **Colliers Lanard & Axilbund**, who represented the tenant in the deal. The building is owned by **Liberty Property Trust** of Malvern.

Continuum is moving from 23,000 square feet at 1020 Laurel Oak Road in the Laurel Oak Corporate Center in Voorhees, N.J. When it initiated its search, the company explored options in South Jersey, focusing mostly on Voorhees, Marlton and Cherry Hill, Wolf said. The Lippincott Drive buildings worked best, he said.

“It gives them a campus setting,” he said, adding Continuum now has room to grow. The properties also allow the company to maintain executive offices in one building and administrative operations in the other.

The company should complete its move in the first quarter.
